Product description:

Extrapone® Green Tea (Organic) GW contains the extract of organic *Camellia sinensis* [L.] O. Kuntze leaves prepared in water and glycerin.

Green Tea used for our Extrapone® is organically cultivated mainly in China and Indonesia. The leaves are dried, if necessary chopped, extracted with water and filtrated. The filtrate is concentrated by distillation and carefully spray-dried. The concentrated extract is prepared in a mixture of water, glycerin and preservatives and clear filtrated after an individual ripening time.

The used green tea meets the requirements of Council Regulation (EC) No. 834/2007 and the following for organic agriculture. Raw Material certified by Ecocert Greenlife France according to the Ecocert Standard for Natural and Organic Cosmetics available at <http://www.cosmetics.ecocert.com>.

99.3 % of the total ingredients are of natural origin

53 % of the total ingredients proceed from organic farming.
